

Quick Guide to the Cross-Registration

The students will use this to cross-register and it is useful for advisors to have a visual of this process. This will be shared with the students. If students have any questions or want to cross-register late, they should contact registrar@olin.edu

What Does Cross-Listed Mean

Cross-listing is a term associated with two distinct course numbers for a single academic activity. The activity can be defined under two topics depending on what aspect of the course content a student focuses on during their enrollment. To this end, the student elects the path at the beginning of the course (no later than the last day to add) by selecting the appropriate course number. During the spring semester we have two such offerings... Tim Sauder's Tel the Story of What You Make (AHSE 21990 or ENGR2299) and Scott Hersey's and Alton Wood's Environmental Analysis Engineering (ENGR2999 or SCIZ2999). If you were to enroll in these courses, you would decide if you wanted AHS or ENGR credit for Tim's and for Scott and Alton's ENGR or SCI credit. The distinction is important because it could frame your project and impact how your experience works toward completing a requirement (e.g. SCI for Environmental Analysis Engineering will satisfy your Mat Sci/Chem requirement; but ENGR for the same course will not). Questions? ... email us, registrar@olin.edu

Cross Registration

Cross Registration Links, Tips, Info

The Cross Registration Portlet is a tool created by Olin College for you to register in at Babson, Brandeis or Wellesley. When you complete the form presented by this tool, Olin's Registrar's Office is notified. This tool also sends you an email upon successful submission. You will be contacted regarding any necessary next steps.

HINTS: You can overwrite the default semester/year information if it is not what you need.

KNOWN BUG: Recently a student discovered a bug that if you entered a name with an apostrophe, the tool will not work. It will display an error message which will not be meaningful to you. Please either remove the apostrophe or enter two apostrophes instead of one and it should work normally. Olin IT has been notified of this problem and they will be getting a fix for this bug down the road.
