

# Multicultural Innovators eXperience Student Panel

Thurs 9/17 @ 8 PM (Eastern time) [Register Now!](#)

## Walter Villa '23

*Pronouns: He/Him/His*

I am a sophomore at Olin planning on studying computer/software engineering...or Data Science haha, who knows anymore. Originally from Queens, NY. I am very passionate about art as well, whether that be music, photography, videography, singing, and dance. I am 18 years old too.

## Erika Serna '21

*Pronouns: She/Her/Hers*

Mechanical Engineering. I'm from south Texas. Some of the things I do at Olin include being Editor in Chief of Frankly Speaking (Olin's unofficial student-run newspaper) and being Student Representative to StAR (Student Affairs & Resources) and OAFA (Office of Admission & Financial Aid) through CORE (Council of Olin Representatives, which is our student government), and right now I'm really into cold process soap.

## Jerry Goss '22

*Pronouns: He/Him/His*

Hullo children, my name is Jerry Goss and I am one of the Vice Presidents for The MIX and one of the NSBE (National Society of Black Engineers) Senators. I am from California and am a mix of both LA and SF. I'm an Electrical and Computer Engineering major from Olin and I like robotics and NSBE. I'm a chill person, and that's about all I have to say. :)

## Corey Cochran-Lepiz '21

*Pronouns: He/Him/His*

I'm from Austin, TX and I was a part of my high school's theatre club for my four years there where I performed for some shows and stage-managed others. At Olin I serve coffee and tea to the community with Acronym (our student-run popup coffee shop) when on campus, and am a part of our Formula SAE electric team where I get to solve interesting problems and work with amazing people. I've spent the last few months in New Mexico where I've had the chance to gaze at the millions of stars in the clear dark sky.

## Tolulope Oshinowo '23

*Pronouns: He/Him/His*

My name is Tolulope Oshinowo and I am currently a sophomore at Olin College of Engineering planning to major in Electrical & Computer Engineering. I have a passion for computing and robotics, and I am especially interested in the application of technologies with the potential to increase the quality of life. In my free time I enjoy producing music, sketching out ideas for future projects, and watching—or participating in—sporting.

## Jocelyn Jimenez '22

*Pronouns: She/Her/Hers*

Hi! I am Jocelyn and am a first-generation Mexican -American student from Dallas, TX. I am hoping to graduate with a concentration in Design in the year 2022. Throughout my years at Olin I have participated in Big Brothers Big Sisters at Babson, (H)OLA (Olin Latinx Association), and the MIX.
