

SCOPE Sponsor Project Statement Worksheet

To our SCOPE Sponsors: Please use this as a guideline for developing a project statement for your upcoming SCOPE project. Feel free to add additional information that you feel is relevant and helpful for the students to understand your project.

1. Please provide a brief description of your project challenge.
2. Why is this problem important to you?
3. What part of your organization is interested in this project?
4. What are the key components of a successful project outcome?
5. Do you have additional stretch goals for the project that the students might strive for?
6. What activities will the team engage in to reach the project goals?
7. Are there specific skills you believe will be needed for this project? (Specific areas of knowledge, computer language, etc.)
8. Are there specific tools and technology that students will need for this project?
9. How would you define the project on these scales:
 - a. Wide open ----- Constrained
 - b. Interdisciplinary ----- Disciplinary
 - c. Early, People Study, Blue sky ----- Implementation
