➔ President Miller named Caltech distinguished alumnus

The honor of being named a 2014 Distinguished Alumni is the highest honor California Institute of Technology bestows on its alumni. In announcing the award, Caltech wrote that Miller was honored "for visionary leadership and commitment to innovation in engineering education for the benefit of society..." [READ MORE](#)

➔ Can you help with jobs and internships?

We're reaching out to our amazing alumni once again for assistance. It's that time of year when seniors are making their last dashes to secure work for after Olin. Here are some of the particular technical areas where they are looking:

- **Mechanical engineering, product design, medical devices and user interaction.** Some are open to location, but several have expressed interest in the West Coast, specifically San Francisco or Seattle. (Hmmm wonder where they got that idea...?)
 - The ME space is the greatest area where we need help with BOTH jobs and internships right now.
- **Robotics, mechatronics, materials, bioengineering and electrical engineering**

Feel free to email [Sally](#) or [Suzanne](#) if you have any suggestions, leads, contacts or companies that our students might look into. If you'd rather they followed a particular process or handle a company/contact in a certain way, please indicate that too. Thanks for your continued support of our students!

➔ Student Accounts and Records update

eTranscripts and Order Tracking

Registrar, Linda Canavan is pleased to announce two new services available for current and former students. One is eTranscripts and Order Tracking! The other is 24/7

Enrollment Certifications. More information is also available at <http://star.olin.edu> and accessible by alumni (and students) through the MyStAR tab of the [Olin Portal](#). (If you forgot your login and have not set up the forgot password option please contact the [IT Help Desk](#)).

→ Check out the Cambridge Science Festival

If you are in the area, the Cambridge Science Festival is being held on April 18. The first of its kind in the United States, it is a celebration showcasing the leading edge in science, technology, engineering and math. A multifaceted, multicultural event every spring, the Cambridge Science Festival makes science accessible, interactive and fun! **CLICK HERE** for the 2014 Festival events from crash-happy robots, to a block party, to big ideas.

→ Save the Date! President Miller heads to the Bay Area

President Miller will be in San Francisco on June 11 for an alumni event beginning at 8pm. Stay tuned for exact location and other details of this exciting visit.

June

→ Come celebrate our newest alumni...Commencement Weekend 2014

On Sunday, May 18 the Commencement Ceremony will take place at 3pm on the Great Lawn followed by a brief reception at 4:30pm. We have arranged room blocks and group rates at the following hotels: [Babson Executive Conference Center](#) (only available for Saturday night), [Sheraton Needham](#), and [Holiday Inn Boston-Dedham](#). Please note these blocks expire one month prior to the event. Other hotel recommendations, dining options and more can be found on the “Area Accommodations” section of the [event website](#). If you have questions, you are welcome to contact commencement@olin.edu. The OAC will also be hosting an off-campus alumni social on Saturday evening. Stay tuned for more details. We look forward to seeing you in two months!
