

Eighty four (85) seniors make up the fifth graduating class of the Olin College of Engineering. Below are highlights of their plans.

**Scholarships and Fellowships**

- Three (3) women have accepted Fulbright scholarships:
  - One will be studying “The Next Bioplastic: Investigation Into The Nest Cell Linings of Colletes halophilus” at the University of Bath in the UK;
  - One will be studying “Innovation in Education” in India;
  - One will be studying “Effects of Fibroblast Orientation for Tissue Engineering of Ligaments” in Taiwan.
- Three (3) have won the NSF Graduate Research Award, and three more received Honorable Mentions.
- One has been awarded the NDSEG, National Defense Science and Engineering Graduate Fellowship.

**Employment**

- 53% of the Class of 2010 have accepted offers of employment - the average salary is \$67,470.
- Seven (7) seniors have accepted positions with Microsoft in Redmond, WA as Program Managers or Software Developers. This is the most Olin graduates employed by a single company from one class.
- Other companies that have hired members of the class of 2010 are:
  - Advanced Math & Science Academy  
Computer Science Teacher  
Marlboro, MA
  - Analog Devices, Inc  
IC Design Engineer  
Wilmington, MA
  - Argonne National Labs  
Research Engineer  
Lemont, IL
  - ATE Systems  
Software Engineer  
Westford, MA
  - athenahealth  
Process Innovation Associate  
Watertown, MA
  - Boreal Genomics  
Research Engineer  
Vancouver, BC
  - DRS Technologies  
Engineer (2)  
St. Louis, MO
  - GE Health Care  
Rotational Program  
Waukesha, WI
  - Giner Electrochemical Systems, LLC  
Staff Engineer  
Newton, MA
  - Google  
Assoc.Prod. Mgr/SW Eng'r (2)  
Mountain View, CA
  - Intuit  
Software Engineer (2)

- In the Fall, members of the Class of 2010 will attend:
  - Brown University
    - Ph.D. Computer Science
    - Master's Program in Innovation Management and Entrepreneurship Engineering
  - Carnegie Mellon University
    - Ph.D. Computer Science, Robotics Institute
    - Ph.D. Computer Science
    - Ph.D. Engineering and Public Policy
    - M.S. Robotics
  - MIT
    - M.S. Mechanical Engineering (2)
    - Ph.D. Electrical Engineering and Computer Science
  - Stanford
    - Ph.D. Electrical Engineering
    - M.S. Mechanical Engineering, Emphasis on Controls
  - Virginia Tech
    - Ph.D. Mechanical Engineering
    - Ph.D. Computer Engineering
  - Colorado School of Mines, M.S. Mechanical Engineering
  - Northeastern University, Ph.D. Computer Engineering
  - Northwestern University, Ph.D. Mechanical Engineering
  - University of California, Berkeley, Ph.D. Electrical Engineering
  - University of California, Davis, M.S. Space Program
  - University of California, Los Angeles, M.S./Ph.D. Electrical and Computer Engineering
  - University of California, San Diego, Ph.D. Bioengineering
  - University of Pennsylvania, Masters of Robotics
  - Yale, Ph.D. Mechanical Engineering, Emphasis on Robotics
- Non-engineering programs that our students will attend are:
  - Harvard Business School - Three will begin their MBA program after obtaining two years of work experience.
  - Medical school at the University of Illinois – Urbana Champaign.
  - Law school at the Chicago-Kent Law School, at the Illinois Institute of Technology. He will be enrolled in the IP and Trial Advocacy Program.
